

## 5L/Min-50L/Min Fuel Dispensing System 1000Ltr Fuel Dispenser

Our Product Introduction

For more products please visit us on [refueling-equipment.com](http://refueling-equipment.com)

### Basic Information

- Place of Origin: China
- Brand Name: Virette

### Product Specification

- Warranty: 12 Months
- Tank: 1000L
- Temperature: -40~55°C
- Vacuum: 0.04Mpa
- Product: One Product Or Two Product
- Register Range: 0.00~999999.99 L
- Automatic Nozzle: TD-20A
- Hose: 3/4" 4M
- Highlight: 50l/min fuel dispensing system,  
1000ltr fuel dispenser,  
fuel dispensing system 1000ltr

## Product Description

### Accurate 5-90/5-50L/Min 1000L Fuel Dispenser with Temperature Compensation

#### Product Description:

The Fuel Dispenser is equipped with a register range of 0.00~999999.99 L, making it easy to keep track of fuel usage and sales. It also features a 3/4" 4M hose, which is perfect for dispensing fuel to vehicles and other equipment. The hose is durable and can withstand the rigors of daily use.

When it comes to fuel delivery rates, the Fuel Dispenser is a versatile machine. It can deliver fuel at a rate of 5~90L/min, 90~150L/min, or 150~250L/min, depending on your needs. This makes it suitable for use in a wide range of applications, including petrol stations, diesel fuel dispensers, and lubricating oil dispensers.

The Fuel Dispenser is ideal for use in a variety of environments. It is designed to handle a range of fuel types, including petrol, diesel, and lubricating oil. This makes it a versatile and reliable choice for fueling stations of all types and sizes.

If you are looking for a reliable and efficient Fueling Station Dispenser, look no further than the Fuel Dispenser. It is designed to meet the needs of fueling stations that dispense petrol, diesel, or other lubricating oils. With its durable construction and versatile delivery rates, it is a top choice for fueling stations of all types and sizes.

#### Features:

Product Name: Fuel Dispenser

Flow Rate: 5-50L/Min Or 5-90L/Min

Temperature: -40~55°C

Warranty: 12 Months

Vacuum: 0.04Mpa

Structure: Single-stage Pump

This Fuel Dispenser is an essential component for any Fueling Station Dispenser, Petrol Dispensing Machine, or Gasoline Dispensing System.

#### Technical Parameters:

Product Name:	Fueling Station Dispenser
Technical Parameters:	
Working Pressure:	0.2 MPa
Flow Rate:	5-50L/Min Or 5-90L/Min
Hose:	3/4" 4M
Product:	One Product Or Two Product
Temperature:	-40~55°C
Register Range:	0.00~999999.99 L
Delivery Rate:	5 ~ 90L/min; 90~150L/min; 150~250L/min
Voltage:	220VAC
Tank:	1000L
Vacuum:	0.04Mpa
Application:	Gasoline Dispensing System, Fuel Dispenser, Gasoline Dispensing System

#### Applications:

One of the most common applications for the Virette Fuel Dispenser is as a fueling station dispenser. This product is designed to be used in fueling stations and is capable of dispensing both gasoline and diesel fuel. The dispenser is equipped with an automatic nozzle (TD-20A) which makes it easy and convenient to use for customers. Additionally, the Virette Fuel Dispenser comes with a 12 month warranty, giving customers peace of mind and ensuring that they are getting a high quality product.

Another common application for the Virette Fuel Dispenser is in industrial settings where lubricating oil is used. The dispenser is capable of handling a variety of mediums, including lubricating oil, making it a versatile choice for a variety of different industries. The high quality construction of the Virette Fuel Dispenser ensures that it is durable and reliable, even in demanding industrial environments.

Overall, the Virette Fuel Dispenser is a versatile and reliable product that can be used in a variety of different applications. Whether you are operating a fueling station or need a dispenser for lubricating oil in an industrial setting, the Virette Fuel Dispenser is an excellent choice. With its high quality construction, automatic nozzle, and 12 month warranty, this product is sure to meet your needs and exceed your expectations.

#### Customization:

#### Packing and Shipping:

Product Packaging:

The Fuel Dispenser product will be packaged in a sturdy cardboard box with foam padding to protect it during shipping.

Shipping:

The product will be shipped via standard ground shipping and will typically arrive within 5-7 business days.

Shipping is available within the United States only.
